VISTA IRRIGATION DISTRICT ANNUAL WATER QUALITY REPORT AVAILABLE ONLINE *District's tap water meets all federal and state safe drinking water standards.*

Vista, CA—

The Vista Irrigation District's Consumer Confidence Report, also known as the annual water quality report, is available to be viewed online. English and Spanish versions of the report are available for download from the district's website.

In 2015, as in past years, the district's tap water met all federal and state safe drinking water standards.

The Consumer Confidence Report provides a "report card" on water quality, showing the results of monitoring for the period January 1, 2015 through December 31, 2015. The report includes details about where the district's water comes from, what it contains, and how it compares to state standards. The report follows State Water Resource Control Board's Guidance for Consumer Confidence Reports dated January 15, 2016.
